[illegible]

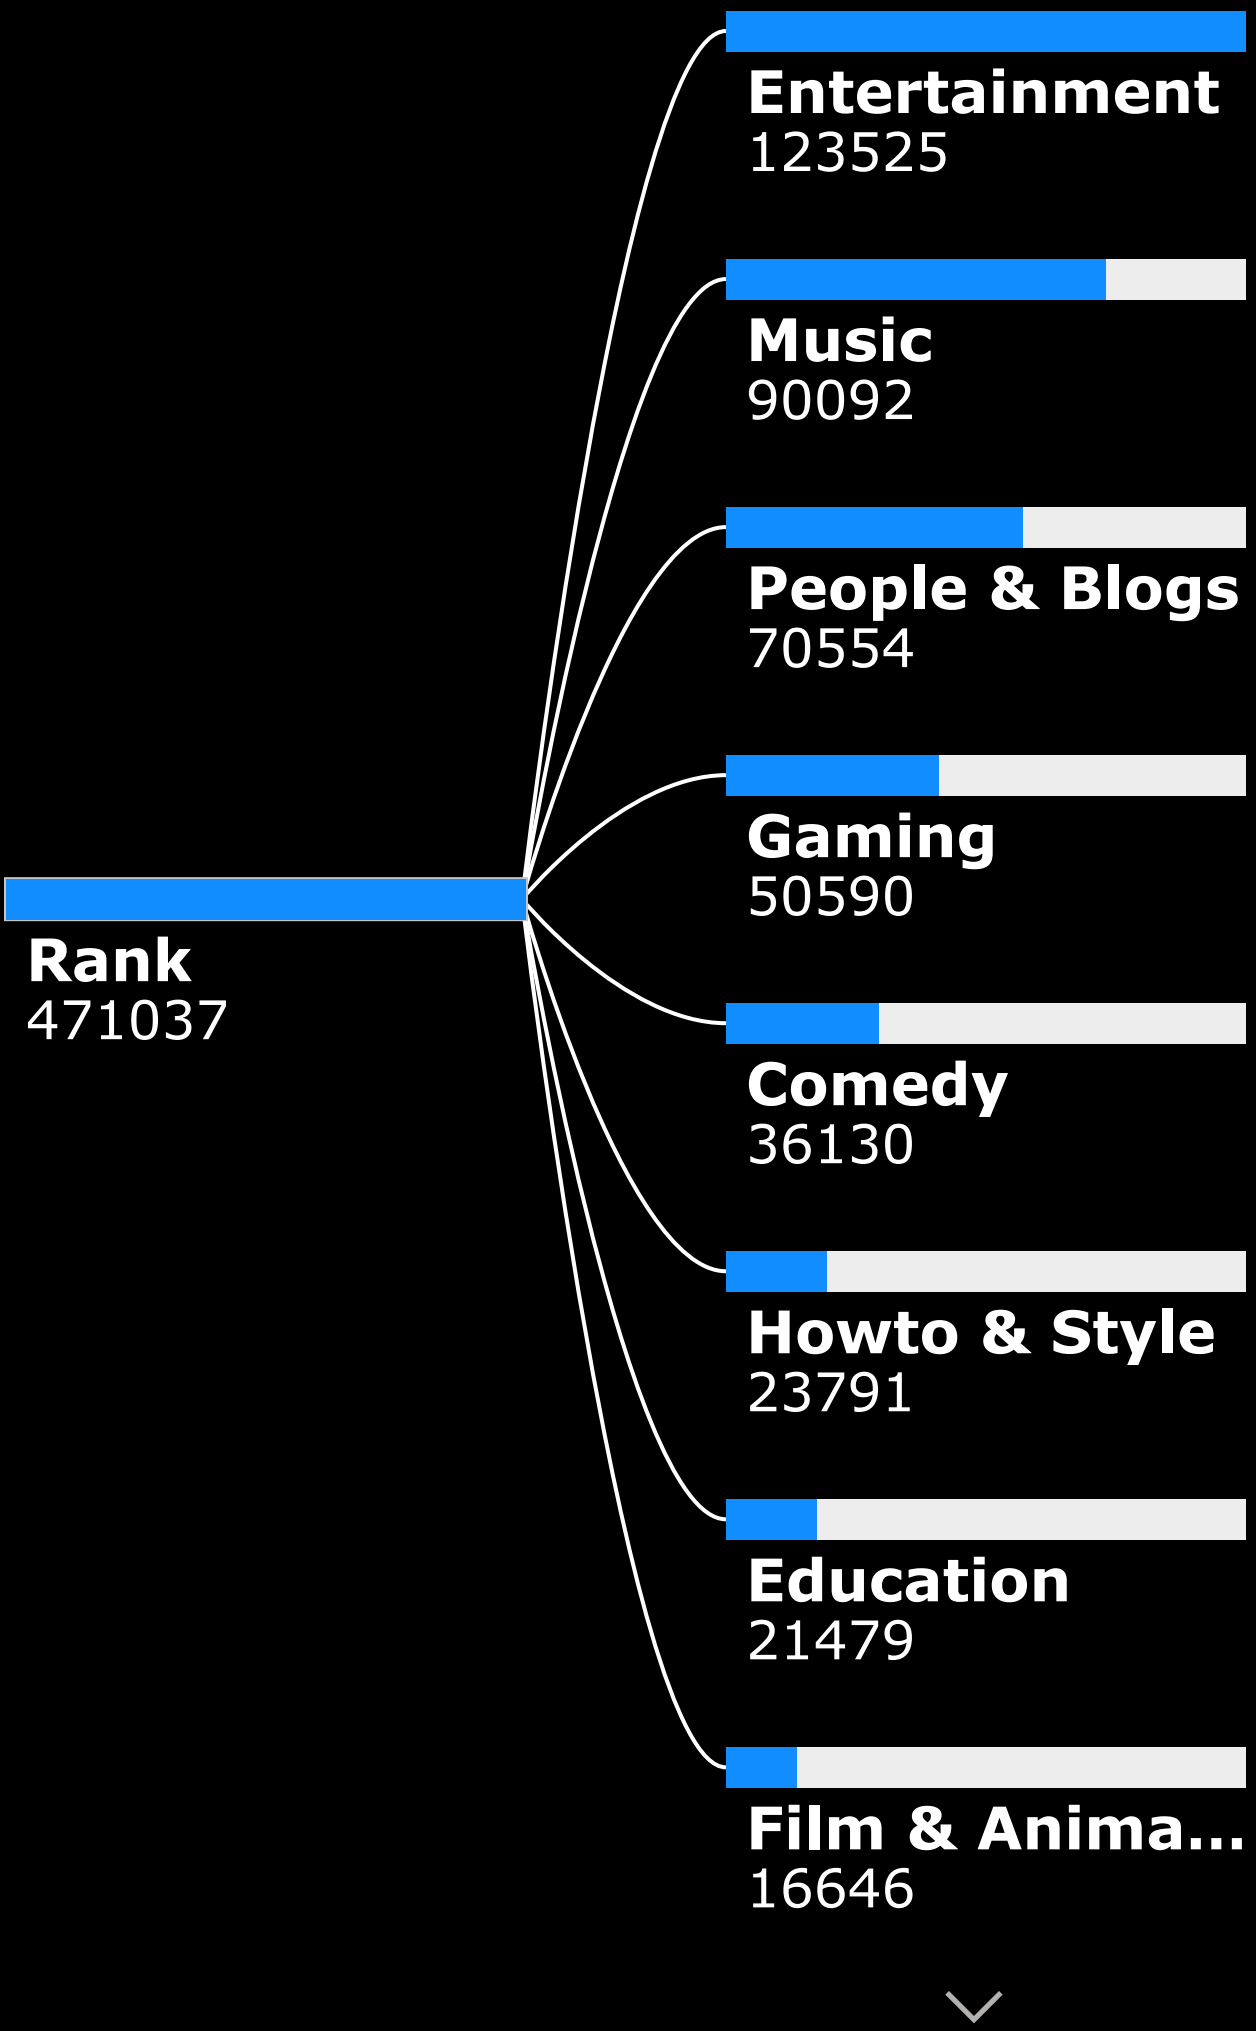

A radar chart illustrating the distribution of 100,000 tweets across 14 categories. The chart features five concentric rings representing values from 0 to 100,000. The categories are labeled around the perimeter: People, Games, Entertainment, Music, Film, Comedy, Sports, News, Autos, Education, Tech, Howto, Animals, and Nonprofit. The 'People' category shows the highest value, followed by 'Entertainment' and 'Music'.

Category	Value (approximate)
People	100,000
Games	10,000
Entertainment	80,000
Music	70,000
Film	60,000
Comedy	10,000
Sports	10,000
News	10,000
Autos	10,000
Education	10,000
Tech	10,000
Howto	10,000
Animals	10,000
Nonprofit	10,000

Category	Views
Music	5195000000
Entertainment	5158200000
Gaming	1960100000
Comedy	1388500000
Film & Animation	1314900000
Shows	541000000
Howto & Style	775600000
People & Blogs	2779400000
Education	1194400000
News & Politics	536400000
Sports	298200000
Science & Technology	316500000
Travel	100000000
Health	100000000
Pets & Animals	100000000
Non-Profit	100000000
